

STATE OF ALABAMA

CITY OF RED BAY

FRANKLIN COUNTY

MINUTES OF A REGULAR MEETING OF THE CITY COUNCIL MARCH 7, 2005

The City Council of Red Bay met in a regular meeting March 7, 2005, at 7:00 p.m.

Present and presiding was Mayor Tommy G. Nelson. Council Members present were Bobby Nelson, Rayford Seahorn, Pat Hammock, Ann Wilkins, and Jeff Reid.

Linda B. Holcomb, City Clerk, was present and recording.

Others present were Police Chief Pat Creel and Fire Chief Bud Strickland.

Jeff Reid led the Invocation.

Ann Wilkins led the Allegiance to the Flag.

Police Chief Pat Creel reported on the Red Bay Court collections. He informed the Council that the Red Bay Police Department has applied for a grant for equipment and had received confirmation that the department was to receive 3 Eagle Eye Video systems for the patrol cars, valued at \$3,000.00 each, at no cost to the city. The grant is 100% no match required. Two radar units were donated to the department at no cost to the city. Lesly Adams began a two-week refresher course on March 7, 2005. Materials and signs for the Neighborhood Watch Program were ordered.

Fire Chief Bud Strickland had nothing to report at the meeting.

Jeff Reid made a motion to purchase two deer crossing signs requested by Chris Johnson. Rayford Seahorn seconded the motion. Unanimously passed.

After a report was heard from Dicky Sparks C.P.A. on the 2003-2004 City of Red Bay Audit, Bobby Nelson made a motion to approve the audit. Jeff Reid seconded the motion. Unanimously passed.

Mayor Tommy G. Nelson reported that the Sewer Board met on Tuesday, March 1, 2005, and voted to certify Donnie Swindle on Sewer.

Pat Hammock made a motion to reappoint Mary Mills to the Weatherford Library Board. Ann Wilkins seconded the motion. Unanimously passed.

Jeff Reid made a motion that the City of Red Bay complete the repairs at the Little League Ball Field, seconded by Pat Hammock. Unanimously passed. The Little League Board gave a check in the amount of \$400.00 to the City of Red Bay on February 17, 2005, for their part of the repairs.

Eric Senkbeil submitted a bid of \$3,750.00 for the striping of 1.7 miles of Golden Road. The Council tabled committing to the bid.

The Sidewalk Grant for the City of Red Bay has been signed and submitted. Amount of Grant - \$776,700.00

Mayor Tommy G. Nelson announced a meeting for the Red Bay City Council and Red Bay Water and Gas Board, scheduled for Wednesday, March 16, 2005, 3:00 p.m.

Jeff Reid made a motion to grant a request made by the Red Bay High School Cheerleaders to have a roadblock on Saturday, March 12, 2005. Pat Hammock seconded the request. Unanimously passed.

Bobby Nelson made a motion to give a donation to the Red Bay High School Cheerleaders of \$1000.00. The Cheerleaders will be traveling to Australia to cheer at the Down Under Bowl. Pat Hammock seconded the motion. Unanimously passed.

Mayor Tommy G. Nelson announced that sealed bids are to be taken on old street signs, to be sold for scrap iron. The signs are at the Red Bay Landfill. All council members were in favor.

Mayor Tommy G. Nelson requested that the City of Red Bay setup a yearly scholarship fund of \$500.00. Children eligible must be students of Red Bay High School. The Mayor and Council will select the child to receive the scholarship each year, based on grades, activities, need, character, and conduct of the child. Funds for the scholarship will be taken from the City of Red Bay Occupational Tax Fund. Pat Hammock made a motion to set the scholarship. Jeff Reid seconded the motion. Unanimously passed.

Jeff Reid made a motion to donate \$250.00 to the Red Bay High School Softball Team. Bobby Nelson seconded the motion. Unanimously passed.

Bobby Nelson made a motion to grant a roadblock, requested by Melanie Belue for the Red Bay Tiger Travel Baseball Team, to be held on Saturday, March 19, 2005, from 8:00 a.m. until 12:00 p.m. Jeff Reid seconded the motion. Unanimously passed.

Jeff Reid made a motion to reappoint Donnie Hastings, Lynette Horton and Mark Armstrong to the Park and Recreation Board. Ann Wilkins seconded the motion. Unanimously passed.

Ann Wilkins nominated Peggy Cox for the position of Founders Day Chairman. No other nominations were made. All Council Members were in favor.

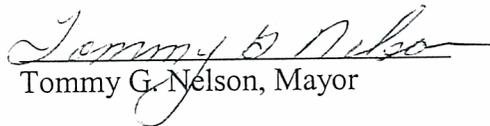

Bobby Nelson made a motion to approve bills for payment, Ann Wilkins seconded the motion with the exception of the two bills from the Red Bay Water and Gas Board, billing for the 10% of collections for Sewer, Garbage, and Dump. The Mayor instructed for interest to be kept up with on the Red Bay Water and Gas invoices in question.

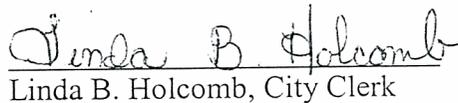

Pat Hammock made a motion to approve the minutes. Jeff Reid seconded the motion. Unanimously passed.

Bobby Nelson asked a question concerning a motion made to amend the minutes of February 7, 2005.

Jeff Reid requested a new metal sign on Highway 24, suggesting the name "Red Bay Sportsplex".

Bobby Nelson made a motion to adjourn the meeting. Jeff Reid seconded the motion. Unanimously passed.

INDEPENDENT AUDITORS' REPORT
ON
THE PRIMARY GOVERNMENT BASIC FINANCIAL STATEMENTS
ACCOMPANIED BY REQUIRED SUPPLEMENTAL INFORMATION AND
SUPPLEMENTAL INFORMATION

Mayor and City Council
Red Bay, Alabama

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of The City of Red Bay, Red Bay, Alabama, as of and for the year ended September 30, 2004, which collectively comprise the basic financial statements of the city's primary government as listed in the table of contents. These financial statements are the responsibility of the city's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The financial statements referred to above include only the primary government of The City of Red Bay, Red Bay, Alabama, which consist of all funds, organizations, institutions, agencies, departments and offices that comprise the city's legal entity.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of The City of Red Bay, Red Bay, Alabama, as of September 30, 2004, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1, The City of Red Bay, Red Bay, Alabama, Implemented a new financial reporting model as required by the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*; GASB Statement No. 37, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments: Omnibus*; GASB Statement No. 38, *Certain Financial Statement Note Disclosures*; and GASB Interpretation No. 6, *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*, effective October 1, 2002.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 18, 2005, on our consideration of The City of Red Bay, Red Bay, Alabama's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis on pages 4 through 12 are not a required part of the basic financial statements but are supplementary information required by Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the primary governments financial statements that collectively comprise The City of Red Bay, Red Bay, Alabama, basic financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

This section of the City of Red Bay's annual financial report represents a discussion and analysis of the City's financial performance during the fiscal year ending September 30, 2004. The intent of this discussion and analysis is to look at the City's performance as a whole. This should be read in conjunction with the notes to the basic financial statements and the financial statements, which follow this section.

This discussion and analysis is a new element of required supplementary information specified in the "Governmental Accounting Standards Board's (GASB) Statement No. 34 - Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments" issued June 1999. Certain comparative information between the current year and the prior year is required to be presented. However, since this is the first year of implementation of the new reporting model contained in GASB Statement No. 34, the Statement permits the omission of prior year data in the year of implementation. The City has elected not to present comparative data.

The City of Red Bay is located in northwestern Alabama along U.S. Highway 24. The population, according to the 2004 census, is 3,451. Manufacturing and Retail Trade drive the local economic base.

FINANCIAL HIGHLIGHTS

The City of Red Bay is financially stable. The City has committed itself to financial excellence for many years by using sound financial planning, and strong internal controls. The City is committed to maintaining sound fiscal management to meet the challenges of the future.

The City of Red Bay continues to grow both economically and in population. This has allowed the City to maintain a steady growth in tax revenues without a tax increase.

Total City's total net assets increased \$216,771, which represents a 4% increase from the prior fiscal year. The City's ending cash balances, for all funds, increased by \$412,612, which represents a 22% increase from the prior fiscal year.

The City had \$2,493,928 in total Governmental Funds revenues. The sales tax revenues account of \$1,287,772 represents 52% of total revenues. Charges for services, such as privilege license and garbage and dump collections account for \$744,608 or 30% of total revenues.

The City had \$2,525,904 in total Governmental Funds expenses, which represents a decrease of \$829,360 or 33% decrease from the prior fiscal year.

Among major funds, the 2002 Improvement Fund had \$0 in revenues and \$13,609 in expenditures. The 2002 Improvement Fund's fund balance decreased \$295,783 from the prior year. The reason for the decrease in the 2002 Improvement Fund was paving and reseal projects.

Among major funds, the Occupational Tax Fund had \$335,110 in revenues, \$166 in expenditures and \$241,331 in transfers to the Debt Service Fund for warrant payments. The Occupational Tax Fund's fund balance decreased \$129,754 from the prior year. The decrease in the Occupational Tax Fund was due to an increase in the warrant payment.

Infrastructure (Roads and Bridges) was added during this fiscal year in the amount of \$1,484,515 net of accumulated depreciation. There was also prior accumulated depreciation adjusted on in the amount of \$2,942,956 for all other asset classes. Both of these adjustments were made to conform to GASB 34.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consist of four parts discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise of three components: 1) Government-wide financial statements, 2) Fund financial statements and 3) Notes to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

Figure 1 – Required Components of the City's Annual Report

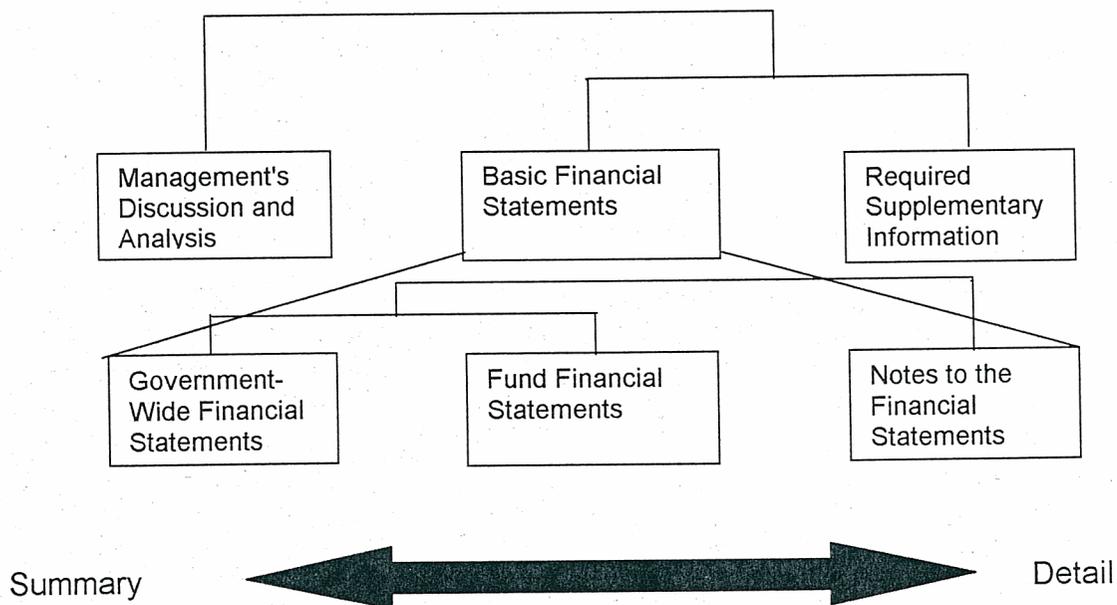

Figure 1 shows how required parts of this annual report are arranged and relate to one another.

Figure 2 summarizes the major features of the City's financial statements, including the portion of the City's government they cover and the types of information they contain. The remainder of this section of Management's Discussion and Analysis explains the structure and content of each of the statements.

Figure 2 – Major Features of the City’s Government-Wide and Fund Financial Statements

	Government -Wide Financial Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire City government (except fiduciary funds) and component units	All activities of the City that are not business-type or fiduciary in nature	Activities of the City that operate similar to private businesses	The City is the trustee or agent for someone else’s resources
Required financial statements	<ul style="list-style-type: none"> • Statement of net assets • Statement of activities 	<ul style="list-style-type: none"> • Balance Sheet • Statement of revenues, expenditures and changes in fund balances 	<ul style="list-style-type: none"> • Statement of net assets • Statement of revenues, expenses and changes in net assets • Statement of cash flows 	<ul style="list-style-type: none"> • Statement of fiduciary net assets • Statement of changes in net assets
Accounting Basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital and short and long term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short and long term	All assets and liabilities, both short and long term
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services are received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the City’s overall financial status. The remaining statements are *fund financial statements* that focus on individual parts of the City government, reporting the City’s operations in more detail than the government-wide statements. The *governmental funds* statements tell how general government services like public safety were financed in the short term as well as what remains for future spending. *Proprietary fund* statements offer short and long-term financial information about the activities the government operates like business, such as the sewer system. *Fiduciary fund* statements provide information about the financial relationships-like the retirement plan for the City’s employees, in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

Government-wide Statements

The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide financial statements report the City's net assets and how they have changed.

The **statement of net assets** presents information on all City's assets and liabilities, with the difference between the two reported as net assets. This is one way to measure the City's financial health, or position. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. To assess the overall health of the City you need to consider additional nonfinancial factors such as changes in the City's property tax base and the condition of the City's roads.

The **statement of activities** presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

The government-wide financial statements of the City are divided into two categories:

Governmental activities-Most of the City's basic services are included here, such as the police, fire, public works, and parks department, and general administration. Sales and occupational taxes and state and federal grants finance most of these activities.

Business-type activities-The city charges fees to customers to help it cover the costs of certain services it provides. The City's sewer system is included here.

Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to keep track of specific sources of funding and spending for particular purposes. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on how cash and other financial assets that can be readily be converted to cash flow in and out and the balances left at year-end that are available for spending. The governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer

resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship or differences between them. Governmental funds include the general, special revenue, debt service, and capital projects funds.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements.

By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. The "Governmental Funds Balance Sheet" and the "Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances" provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Proprietary funds are used to account for the City's charges to customers for services. Proprietary funds, like the government-wide statements. Provide both long and short-term financial information. The City's enterprise funds (a type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net Assets – Net assets may serve over time as a useful indicator of government's financial position. In the case of The City of Red Bay, assets exceeded liabilities by \$2,647,771 as of September 30, 2004.

By far, the largest portion of the City's net assets reflects its investment in capital assets (e.g. roads, bridges, land, buildings, mobile equipment, furniture & equipment, and construction in progress) less related outstanding debt used to acquire such assets. The city uses these capital assets to provide services to its citizens.

The City's financial position is a product of several financial transactions including the net results of activities, the acquisitions and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

The following table presents a summary of the City's net assets for the fiscal year ended September 30, 2004.

		Governmental
		<u>Activities</u>
Current assets	\$	2,616,384
Capital assets, net		<u>4,395,061</u>
Total assets		<u>7,011,445</u>

Current liabilities	342,663
Long-term debt outstanding	<u>4,021,011</u>
Total liabilities	<u>4,363,674</u>
Net assets:	
Invested in capital assets, net of related debt	847,801
Restricted	495,534
Unrestricted	<u>1,304,437</u>
Total net assets	\$ <u>2,647,771</u>

The following are significant current year transactions that have had an impact on the Statement of Net Assets.

- Roads and Bridges were added to the City's inventory, due to accounting changes implemented by the "Governmental Accounting Standards Board". This resulted in additional capital assets being booked for the first time in the 2004 fiscal year.
- The City entered into a long-term capital lease agreement with Triple H Electronics for \$761,011 for a building.

Changes in Net Assets – The City of Red Bay's total revenues for the fiscal year ended September 30, 2004 was \$2,493,928. The total cost for all services provided was \$2,525,904. The decrease in net assets was \$31,976. The following table presents a summary of the changes in net assets for the fiscal year ended September 30, 2004.

	<u>Amount</u>
Revenues:	
Program Revenues	
Charges for Services	\$ 744,608
Federal Grants	99,713
State Revenues	337,001
General Revenues	
Sales Taxes	1,287,772
Interest and Investment Earnings	<u>24,834</u>
Total Revenues	<u>2,493,928</u>
Expenses:	
General Government	764,848
Municipal Court	24,084
Public Safety	472,233
Public Works	665,695
Culture and Recreation	156,136
Economic Development	259,046
Capital Projects	13,775
Interest and Fiscal Charges	<u>170,088</u>
Total Expenses	<u>2,525,904</u>
Decrease in Net Assets	\$ <u>31,976</u>

Governmental Activities – The following table presents the cost of five major functional activities of the County: General Government, Public Safety, Public Works, Culture and Recreation, and Economic Development and Assistance.

The table also shows each function's net cost (total cost less charges for services generated by the activity and intergovernmental aid provided for that activity.) The net cost shows the financial burden that was placed on The City of Red Bay's taxpayers by each of these functions.

	<u>Total Costs</u>	<u>Net Costs</u>
General Government	\$ 764,848	\$ 167,008
Municipal Court	24,084	30,161
Public Safety	472,233	(467,493)
Public Works	665,695	(665,695)
Culture and Recreation	156,136	(16,557)
Economic Development	259,046	(208,143)
Capital Projects	13,775	(13,775)

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

Governmental funds – At the close of the fiscal year, The City of Red Bay's governmental funds reported a combined fund balance of \$1,800,209, an increase of \$147,213.

The General Fund is the principal operating fund of the City. The decrease in the fund balance of the General Fund for the fiscal year was \$47,470. This decrease was primarily due to the more than expected cost on several projects that were on going during the fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets – As of September 30, 2004, The City of Red Bay's total capital assets was \$9,623,746. This includes roads, bridges, other infrastructure, land, buildings, mobile equipment, furniture and equipment, leased property under capital lease and construction in progress. This amount represents a decrease from the previous year. The majority of this decrease was due to the implementation of GASB 34. Total accumulated depreciation as of September 30, 2004 was \$5,228,685, including \$134,066 of depreciation expense for the year. The balance in total net capital assets was \$4,395,061 at year-end. Shown below are two tables that show the activity for Capital Assets and Accumulated Depreciation from the prior year to this fiscal year.

Fixed Asset Inventory Values

Asset Classification	<u>Balance 10/01/03</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 09/30/04</u>
Land	237,571			237,571

CITY OF RED BAY
 Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of
 Governmental Funds to the Statement of Activities
 For the Year Ended September 30, 2004

147,212

Net change in fund balances - Total Governmental Funds (Exhibit 4)

Amounts reported for Governmental Activities in the Statement of Activities (Exhibit 2)
 are different because:

Governmental funds report capital outlays as expenditures. However in the statement of activities the cost of those assets is allocated over their estimated usefully lives and reported as depreciation expense. Thus, the change in net assets differs from the change in fund balances by the amount that depreciation (\$133,826) exceeded capital outlays \$19,330 in the current period.

(114,496)

Intergovernmental Revenue which consists of local match money paid from the governmental funds and transferred to the proprietary fund.

(302,889)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. Thus, the change in net assets differs from the change in fund balances by the amount that debt repayments exceeded debt proceeds.

160,000

(110,173)

CITY OF RED BAY
RED BAY, ALABAMA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2004

NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1-A. Reporting Entity

The financial statements of The City of Red Bay, Red Bay, Alabama (City) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units with the exception of accounting for property, plant and equipment. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below:

A. Financial Reporting Entity

For financial reporting purposes, the reporting entity includes all funds that are covered by the oversight responsibility of the Mayor and City Council. In defining the governmental reporting entity, the following entities have been excluded from the City of Red Bay Financial Statements due to the fact that they are public corporations:

Water Works and Gas Board of Red Bay
Industrial Development Board
Housing Authority of Red Bay
Medical Clinic Board
The Red Bay Hospital, Inc.
Red Bay Hospital Operating Board

In each of the above entities, oversight responsibility rests with the individual board and not with the City of Red Bay. The following criteria was used in this determination:

Selection of governing authority by an elected official of the governmental unit. Management appointed by and held accountable to the governmental unit. Ability of governmental unit to significantly influence operations including review and approval of budgets and budget amendments, authority to sign contracts, approval of hiring or retention of key managerial personnel, exercise of control over facilities and properties and determine the outcome or disposition of matters affecting the recipients of the services being provided.

Accountability for fiscal matters including:

Budgetary Authority;
Responsibility for funding deficits or controlling the use of surplus;
Control of the collection and disbursement of funds.

CITY OF RED BAY
RED BAY, ALABAMA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2004

1-B. Basis of Presentation, Basis of Accounting

Basis of Presentation

Government-wide Statements: The statement of net assets and the statement of activities display information about the primary government. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of Internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (1) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: the fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units (if applicable). Separate statements for each fund category-*governmental*, *proprietary*, and *fiduciary*-are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The City reports the following major funds:

General Fund. This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

CITY OF RED BAY
RED BAY, ALABAMA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2004

2002 Improvement Fund. This fund accounts for the City's capital project fund monies.

Occupational Tax Fund. This fund accounts for the local occupational collected by the areas businesses.

Sewer Extension Project. This fund accounts for the City's matching requirements for federal and state awards, and transfers to and from the General Fund associated with certain sewer extension expenditures.

Debt Service Fund. This fund accounts for the resources accumulated and payments made for principal and interest on general long-term debt associated with with equipment and facilities leased to the City.

The City reports the following major enterprise fund:

Sewer Fund. This fund accounts for the operation, maintenance, and development of sewer improvements.

Measurement Focus, Basis of Accounting

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The Government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include sales taxes, grants and donations. On an accrual basis, revenue from sales taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after the year-end. Sales taxes, franchise taxes, license and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in

CITY OF RED BAY
RED BAY, ALABAMA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2004

governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing resources.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

All governmental and business-type activities and enterprise funds of the City follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

Budgets

The City is not required to legally adopt a budget and does not do so. Therefore, no actual versus budgetary expenses were included as a part of these statements.

1-C. Assets, Liabilities, and Equity

Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the City Treasurer for the purpose of increasing earnings through investment activities. The pool's investments are reported at fair value at September 30, 2004, based on market prices. The individual funds' portions of the pool's fair value are presented as "Pooled Cash and Investments." Earnings on the pooled funds are apportioned and paid or credited to the funds quarterly based on the average daily balance of each participating fund.

Cash and Cash Equivalent

The City considers cash and cash equivalents in proprietary funds to be cash on hand and demand deposits. In addition, because the Treasury Pool is sufficiently liquid to permit withdrawal of cash at any time without prior notice or penalty, equity in the pool is also deemed to be cash equivalent.

Receivables and Payables

All trade and sales tax receivables are shown net of an allowance for uncollectibles.

Inventories and Prepaid Items

CITY OF RED BAY
RED BAY, ALABAMA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2004

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of donation. General infrastructure assets acquired prior to July 1, 2001 consist of the road network assets that were acquired or that received substantial improvements subsequent to July 1, 1980 and are reported at estimated historical cost using deflated replacement cost. The City's other major infrastructure network-bridges-has not yet been reported. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method of depreciation. A full year's depreciation expense should be taken for all purchases and sales of capital assets during the fiscal year. The estimated useful lives are as follows:

<u>Asset Class</u>	<u>Capitalization Thresholds</u>	<u>Estimated Useful Lives</u>	<u>Salvage Value</u>
Land	N/A	N/A	N/A
Infrastructure	N/A	N/A	30%
Buildings	\$50,000	40 years	20%
Improvements other than Buildings	\$25,000	20 years	20%
Heavy Equipment	\$5,000	10 years	10%
Vehicles and Equipment	\$5,000	5 years	10%
Office Equipment	\$5,000	3 years	1%
Furniture and Fixtures	\$5,000	7 years	10%

Compensated Absences

The Board had no formal policy or records of compensated absences as of September 30, 2004; thus, no determination could be made as to financial liability involved.

NOTE 2-DEPOSITS AND INVESTMENTS

2-A. Summary of Deposits and Investment Balances

Total	<u>\$1,573,321</u>	<u>\$337,739</u>	<u>\$1,911,060</u>

As of September 30, 2004, the carrying amount of the City's bank deposits was \$1,911,160 and the respective bank balances totaled \$1,938,684. Of the total bank balance, \$730,444 was insured through the Federal Depository Insurance Corporation (FDIC). The amount of \$1,198,213 was collateralized with pooled securities held by the financial institutions' trust departments. These securities are held in the name of the financial institution and not that of the City. The remaining balance of \$10,027 was uninsured.

	<u>1,850,000</u>			<u>1,850,000</u>
Total	\$ <u>3,706,500</u>	<u>1,000</u>	<u>160,000</u>	<u>3,547,500</u>

Details of the above debt at September 30, 2004 are as follows:

Estimated Liability for Landfill Closure and Postclosure Care Costs

State and federal laws and regulations require the City to place a final cover on its solid waste landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and postclosure care costs as a liability in the general long term debt based on landfill capacity used of each balance sheet date. The amount reported as landfill closure and postclosure care liability at September 30, 2004 of \$122,500 represents the cumulative amount reported to date based on the estimated capacity of the landfill used to date. The City will recognize the remaining estimated cost of closure and postclosure care of \$357,500 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in the fiscal year 2004. The City has used 25 percent of the estimated capacity of the landfill as of September 30, 2004, and expects to close the landfill in the year 2020. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

National Bank of Commerce – General Obligation Warrants Series 1998

General Obligation Warrant - payable monthly from \$16,411.80 to 21,006.58 for 165 months beginning 10/15/1998 through 06/15/2012, interest rate from 4.75% to 4.95%.

Bank of New York – General Obligation Warrants Series 2002

General Obligation Warrant - payable annually from \$90,420 to 262,750 for 17 years beginning 07/01/2003 through 07/01/2019, interest rate from 4.60% to 5.10%. For the first ten years, an interest only payment of \$90,420 per year will be required. No principle reduction will occur until after this ten-year period. The first principle reduction occurs July 1, 2013.

Annual principal requirements for the next five years are as follows:

Year ended September 30	Landfill Closing Costs	National Bank of Commerce	Bank of New York	Total
2004	\$ 0	165,000	0	165,000

NOTE 5-Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial. As of June 23, 2000, the City co-endorsed a note on the behalf of Goldmont Housing Supply, Inc. an Alabama corporation to assist the corporation's efforts to secure funding from the State of Alabama Industrial Development Authority. The property and building serve as collateral for the co-signature on the City's behalf. The capital costs for the project were \$811,381. The loan amount at June 23, 2000, was \$618,632. The note balance at September 30, 2004 was \$531,095. This note is a twenty-year note with the rate fixed at 5.65% for 10 years. The installment payments are monthly. The note is the primary liability of Goldmont Housing Supply, Inc.

NOTE 6-Related Party Transactions

During the past year, the City purchased various services and operating supplies from related parties. These purchases totaled \$26,479 from the General Fund, and \$2,278 from the Sewer Fund.

NOTE 7-In Lieu of Taxes

In lieu of tax consists of current year receipts from The Water Works and Gas Board.

NOTE 8-Employee Retirement

The City began providing retirement benefits in December 1997 to its employees through the Employees' Retirement System of Alabama. Each employee contributes to the plan at a rate of 5.00% of his or her compensation. The employer also contributes to the plan at a rate determined by an actuary, necessary to provide benefits granted by law for members. The contributions to the plan as of September 30, 2004 were \$107,431. The latest actuarial valuation, dated September 30, 2003, for the City, as submitted by the Employees' Retirement System of Alabama, indicated the following:

February 18, 2005

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL
CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT
OF THE GENERAL-PURPOSE FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Mayor and City Council
The City of Red Bay
Red Bay, Alabama

We have audited the financial statements of The City of Red Bay, Red Bay, Alabama, as of and for the year ended September 30, 2004, and have issued our report thereon, dated February 18, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the The City of Red Bay, Red Bay, Alabama's, financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

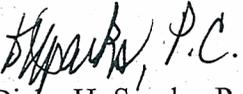

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the The City of Red Bay's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general-purpose financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. *Reportable conditions* involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our

judgment, could adversely affect The City of Red Bay, Red Bay, Alabama's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

A *material weakness* is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in the amounts that would be material in relation to the general-purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, due to small office staff, we consider the separation of duties to be a material weakness.

This report is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than this specified party.
